- 20.8 The Bid Security or Bid-Securing Declaration of a JV must be in the name of the JV that submits the Bid. If the JV has not been legally constituted into a legally enforceable JV at the time of Bidding, the Bid security or Bid-Securing Declaration shall be in the names of all

future members as named in the letter of intent referred to in ITB 4.1 and ITB 12.2.

- 20.9 If a Bid Security is not required in the BDS, pursuant to ITB 20.1, and
- (a) if a Bidder withdraws its Bid prior to the expiry date of the Bid validity specified by the Bidder on the Letter of Bid, or any extended date provided by the Bidder; or
 - (b) if the successful Bidder fails to:
 - (i) sign the Contract in accordance with ITB 45; or
 - (ii) furnish a performance security in accordance with ITB 46;

the Borrower may, if provided for **in the BDS**, declare the Bidder ineligible to be awarded a contract by the Employer for a period of time as stated **in the BDS**.

21. Format and Signing of Bid

- 21.1 The Bidder shall prepare one original of the documents comprising the Bid as described in ITB 12, bound with the volume containing the Form of Bid, and clearly marked “Original.” In addition, the Bidder shall submit copies of the Bid, in the number specified **in the BDS**, and clearly marked as “Copies.” In the event of discrepancy between them, the original shall prevail.
- 21.2 Bidders shall mark as “CONFIDENTIAL” information in their Bids which is confidential to their business. This may include proprietary information, trade secrets, or commercial or financially sensitive information.
- 21.3 The original and all copies of the Bid shall be typed or written in indelible ink and shall be signed by a person or persons duly authorized to sign on behalf of the Bidder. This authorization shall consist of a written confirmation as specified **in the BDS** and shall be attached to the Bid. The name and position held by each person signing the authorization must be typed or printed below the signature. All pages of the Bid where entries or amendments have been made shall be signed or initialed by the person signing the Bid.
- 21.4 In case the Bidder is a JV, the Bid shall be signed by an authorized representative of the JV on behalf of the JV, and so as to be legally binding on all the members as evidenced by a power of attorney signed by their legally authorized representatives.
- 21.5 Any inter-lineation, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Bid.

D. Submission and Opening of Bids

22. Sealing and Marking of Bids

- 22.1 The Bidder shall deliver the Bid in a single, sealed envelope. Within the single envelope the Bidder shall place the following separate, sealed envelopes:
- (a) in an envelope marked “ORIGINAL”, all documents comprising the Bid, as described in ITB 12; and
 - (b) in an envelope marked “COPIES”, all required copies of the Bid; and
 - (c) if alternative Bids are permitted in accordance with ITB 14, and if relevant:

 - (d) bear a warning not to open before the time and date for Bid opening.
- 22.3 If all envelopes are not sealed and marked as required, the Employer will assume no responsibility for the misplacement or premature opening of the Bid.

23. Deadline for Submission of Bids

- 23.1 Bids must be received by the Employer at the address and no later than the date and time specified **in the BDS**. When so specified **in the BDS**, Bidders shall have the option of submitting their Bids electronically. Bidders submitting Bids electronically shall follow the electronic Bid submission procedures specified **in the BDS**.
- 23.2 The Employer may, at its discretion, extend the deadline for the submission of Bids by amending the bidding document in accordance with ITB 9, in which case all rights and obligations of the Employer and Bidders previously subject to the deadline shall thereafter be subject to the deadline as extended.

- 24. Late Bids** 24.1 The Employer shall not consider any Bid that arrives after the deadline for submission of Bids, in accordance with ITB 23. Any Bid received by the Employer after the deadline for submission of Bids shall be declared late, rejected, and returned unopened to the Bidder.
- 25. Withdrawal, Substitution and Modification of Bids** 25.1 A Bidder may withdraw, substitute, or modify its Bid after it has been submitted by sending a written notice, duly signed by an authorized representative, and shall include a copy of the authorization (the power of attorney) in accordance with ITB 21.3, (except that withdrawal notices do not require copies). The corresponding substitution or modification of the Bid must accompany the respective written notice. All notices must be:
- (a) prepared and submitted in accordance with ITB 21 and ITB 22 (except that withdrawal notices do not require copies), and in addition, the respective envelopes shall be clearly marked “WITHDRAWAL,” “SUBSTITUTION,” or “MODIFICATION;” and
 - (b) received by the Employer prior to the deadline prescribed for submission of Bids, in accordance with ITB 23.
- 25.2 Bids requested to be withdrawn in accordance with ITB 25.1 shall be returned unopened to the Bidders.
- 25.3 No Bid may be withdrawn, substituted, or modified in the interval between the deadline for submission of Bids and the date of expiry of the Bid validity specified by the Bidder on the Letter of Bid or any extended date thereof.
- 26. Bid Opening** 26.1 Except as in the cases specified in ITB 23 and ITB 25.2, the Employer shall, at the Bid opening, publicly open and read out all Bids received by the deadline at the date, time and place specified **in the BDS** in the presence of Bidders’ designated representatives and anyone who choose to attend. Any specific electronic Bid opening procedures required if electronic bidding is permitted in accordance with ITB 23.1, shall be as specified **in the BDS**.
- 26.2 First, envelopes marked “WITHDRAWAL” shall be opened and read out and the envelope with the corresponding Bid shall not be opened, but returned to the Bidder. If the withdrawal envelope does not contain a copy of the “power of attorney” confirming the signature as a person duly authorized to sign on behalf of the Bidder, the corresponding Bid will be opened. No Bid withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorization to request the withdrawal and is read out at Bid opening.
- 26.3 Next, envelopes marked “SUBSTITUTION” shall be opened and read out and exchanged with the corresponding Bid being substituted, and

the substituted Bid shall not be opened, but returned to the Bidder. No Bid substitution shall be permitted unless the corresponding substitution notice contains a valid authorization to request the substitution and is read out at Bid opening.

- 26.4 Next, envelopes marked “MODIFICATION” shall be opened and read out with the corresponding Bid. No Bid modification shall be permitted unless the corresponding modification notice contains a valid authorization to request the modification and is read out at Bid opening.
- 26.5 Next, all remaining envelopes shall be opened one at a time, reading out: the name of the Bidder and whether there is a modification; the total Bid Prices, per lot (contract) if applicable, including any discounts and alternative Bids; the presence or absence of a Bid Security or Bid-Securing Declaration, if required; and any other details as the Employer may consider appropriate.
- 26.6 Only Bids, alternative Bids and discounts that are opened and read out at Bid opening shall be considered further. The Letter of Bid and the priced Activity Schedule are to be initialed by representatives of the Employer attending Bid opening in the manner specified **in the BDS**.
- 26.7 The Employer shall neither discuss the merits of any Bid nor reject any Bid (except for late Bids, in accordance with ITB 24.1).
- 26.8 The Employer shall prepare a record of the Bid opening that shall include, as a minimum:
- (a) the name of the Bidder and whether there is a withdrawal, substitution, or modification;
 - (b) the Bid Price, per lot (contract) if applicable, including any discounts; and
 - (c) any alternative Bids;
 - (d) the presence or absence of a Bid Security or Bid-Securing Declaration, if one was required.
- 26.9 The Bidders’ representatives who are present shall be requested to sign the record. The omission of a Bidder’s signature on the record shall not invalidate the contents and effect of the record. A copy of the record shall be distributed to all Bidders.

E. Evaluation and Comparison of Bids

- 27. Confidentiality** 27.1 Information relating to the evaluation of Bids and recommendation of contract award, shall not be disclosed to Bidders or any other persons not officially concerned with the Bidding process until information on

the Intention to Award the Contract is transmitted to all Bidders in accordance with ITB 41.

27.2 Any effort by a Bidder to influence the Employer in the evaluation or contract award decisions may result in the rejection of its Bid.

27.3 Notwithstanding ITB 27.2, from the time of Bid opening to the time of Contract Award, if any Bidder wishes to contact the Employer on any matter related to the Bidding process, it should do so in writing.

28. Clarification of Bids

28.1 To assist in the examination, evaluation, and comparison of Bids, and qualification of the Bidders, the Employer may, at the Employer's discretion, ask any Bidder for clarification of its Bid including breakdowns of the prices in the Activity Schedule, and other information that the Employer may require. Any clarification submitted by a Bidder in respect to its Bid and that is not in response to a request by the Employer shall not be considered. The Employer's request for clarification and the response shall be in writing. No change, including any voluntary increase or decrease, in the prices or substance of the Bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Employer in the evaluation of the Bids, in accordance with ITB 32.

28.2 If a Bidder does not provide clarifications of its Bid by the date and time set in the Employer's request for clarification, its Bid may be rejected.

29. Deviations, Reservations, and Omissions

29.1 During the evaluation of Bids, the following definitions apply:

- (a) "Deviation" is a departure from the requirements specified in the bidding document;
- (b) "Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the bidding document; and
- (c) "Omission" is the failure to submit part or all of the information or documentation required in the bidding document.

30. Determination of Responsiveness

30.1 The Employer's determination of a Bid's responsiveness is to be based on the contents of the Bid itself, as defined in ITB 12.

30.2 A substantially responsive Bid is one that meets the requirements of the bidding document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

- (a) if accepted, would:

- (i) affect in any substantial way the scope, quality, or performance of the Non-Consulting Services specified in the Contract; or
 - (ii) limit in any substantial way, inconsistent with the bidding document, the Employer's rights or the Bidder's obligations under the Contract; or
 - (b) if rectified, would unfairly affect the competitive position of other Bidders presenting substantially responsive Bids.
- 30.3 The Employer shall examine the technical aspects of the Bid submitted in accordance with ITB 17 and ITB 18, in particular, to confirm that all requirements of Section VII, Employer's Requirements have been met without any material deviation or reservation, or omission.
- 30.4 If a Bid is not substantially responsive to the requirements of bidding document, it shall be rejected by the Employer and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.
- 31. Nonconformities, Errors and Omissions**
- 31.1 Provided that a Bid is substantially responsive, the Employer may waive any nonconformities in the Bid.
- 31.2 Provided that a Bid is substantially responsive, the Employer may request that the Bidder submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Bid related to documentation requirements. Requesting information or documentation on such nonconformities shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.
- 31.3 Provided that a Bid is substantially responsive, the Employer shall rectify quantifiable nonmaterial nonconformities related to the Bid Price. To this effect, the Bid Price shall be adjusted, for comparison purposes only, to reflect the price of a missing or non-conforming item or component by adding the average price of the item or component quoted by substantially responsive Bidders. If the price of the item or component cannot be derived from the price of other substantially responsive Bids, the Employer shall use its best estimate.
- 32. Correction of Arithmetical Errors**
- 32.1 Provided that the Bid is substantially responsive, the Employer shall correct arithmetical errors on the following basis:
- (a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall

- be corrected, unless in the opinion of the Employer there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
 - (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.
- 32.2 Bidders shall be requested to accept correction of arithmetical errors. Failure to accept the correction in accordance with ITB 32.1, shall result in the rejection of the Bid.
- 33. Conversion to Single Currency**
- 33.1 For evaluation and comparison purposes, the currency(ies) of the Bid shall be converted in a single currency as specified **in the BDS**.
- 34. Margin of Preference**
- 34.1 A margin of preference shall not apply.
- 35. Evaluation of Bids**
- 35.1 The Employer shall use the criteria and methodologies listed in this ITB and Section III, Evaluation and Qualification Criteria. No other evaluation criteria or methodologies shall be permitted. By applying the criteria and methodologies, the Employer shall determine the Most Advantageous Bid. This is the Bid of the Bidder that meets the qualification criteria and whose Bid has been determined to be:
- (a) substantially responsive to the bidding document; and
 - (b) the lowest evaluated cost.
- 35.2 In evaluating the Bids, the Employer will determine for each Bid the evaluated Bid cost by adjusting the Bid price as follows:
- (a) price adjustment for correction of arithmetic errors in accordance with ITB 32.1;
 - (b) price adjustment due to discounts offered in accordance with ITB 15.4;
 - (c) converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with ITB 33;

- (d) price adjustment due to quantifiable nonmaterial nonconformities in accordance with ITB 31.3;
- (e) excluding provisional sums and the provision, if any, for contingencies in the Activity Schedule but including Daywork, when requested in the Specifications; and
- (f) the additional evaluation factors are specified in Section III, Evaluation and Qualification Criteria.

35.3 The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in Bid evaluation.

35.4 If this bidding document allows Bidders to quote separate prices for different lots (contracts), the methodology to determine the lowest evaluated cost of the lot (contract) combinations, including any discounts offered in the Letter of Bid, is specified in Section III, Evaluation and Qualification Criteria.

36. Comparison of Bids

36.1 The Employer shall compare the evaluated costs of all substantially responsive Bids established in accordance with ITB 35.2 to determine the Bid that has the lowest evaluated cost.

37. Abnormally Low Bids

37.1 An Abnormally Low Bid is one where the Bid price, in combination with other constituent elements of the Bid, appears unreasonably low to the extent that the Bid price raises material concerns as to the capability of the Bidder to perform the Contract for the offered Bid price.

37.2 In the event of identification of a potentially Abnormally Low Bid, the Employer shall seek written clarifications from the Bidder, including detailed price analyses of its Bid price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the bidding document.

37.3 After evaluation of the price analyses, in the event that the Employer determines that the Bidder has failed to demonstrate its capability to perform the Contract for the offered Bid Price, the Employer shall reject the Bid.

38. Qualification of the Bidder

38.1 The Employer shall determine to its satisfaction whether the Bidder that is selected as having submitted the lowest evaluated cost and substantially responsive Bid is eligible and meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.

38.2 The determination shall be based upon an examination of the documentary evidence of the Bidder's qualifications submitted by the

Bidder, pursuant to ITB 18. The determination shall not take into consideration the qualifications of other firms such as the Bidder's subsidiaries, parent entities, affiliates, subcontractors or any other firm(s) different from the Bidder that submitted the Bid.

38.3 Prior to Contract award, the Employer will verify that the successful Bidder (including each member of a JV) is not disqualified by the Bank due to noncompliance with contractual SEA/SH prevention and response obligations. The Employer will conduct the same verification for each subcontractor proposed by the successful Bidder. If any proposed subcontractor does not meet the requirement, the Employer will require the Bidder to propose a replacement subcontractor.

38.4 An affirmative determination shall be a prerequisite for award of the Contract to the Bidder. A negative determination shall result in disqualification of the Bid, in which event the Employer shall proceed to the Bidder who offers a substantially responsive Bid with the next lowest evaluated cost to make a similar determination of that Bidder's qualifications to perform satisfactorily.

**39. Employer's
Right to
Accept Any
Bid, and to
Reject Any or
All Bids**

39.1 The Employer reserves the right to accept or reject any Bid, and to annul the Bidding process and reject all Bids at any time prior to Contract Award, without thereby incurring any liability to Bidders. In case of annulment, all Bids submitted and specifically, Bid securities, shall be promptly returned to the Bidders.

**40. Standstill
Period**

40.1 The Contract shall not be awarded earlier than the expiry of the Standstill Period. The Standstill Period shall be ten (10) Business Days unless extended in accordance with ITB 44. The Standstill Period commences the day after the date the Employer has transmitted to each Bidder the Notification of Intention to Award the Contract. Where only one Bid is submitted, or if this contract is in response to an emergency situation recognized by the Bank, the Standstill Period shall not apply

**41. Notification of
Intention to
Award**

41.1 The Employer shall send to each Bidder, the Notification of Intention to Award the Contract to the successful Bidder. The Notification of Intention to Award shall contain, at a minimum, the following information:

- (a) the name and address of the Bidder submitting the successful Bid;
- (b) the Contract price of the successful Bid;
- (c) the names of all Bidders who submitted Bids, and their Bid prices as readout and as evaluated;

- (d) a statement of the reason(s) the Bid (of the unsuccessful Bidder to whom the notification is addressed) was unsuccessful;
- (e) the expiry date of the Standstill Period; and
- (f) instructions on how to request a debriefing or submit a complaint during the standstill period.

F. Award of Contract

42. Award Criteria

42.1 Subject to ITB 39, the Employer shall award the Contract to the successful Bidder. This is the Bidder whose Bid has been determined to be the Most Advantageous Bid. This is the Bid of the Bidder that meets the qualification criteria and whose Bid has been determined to be:

- (a) substantially responsive to the bidding document; and
- (b) the lowest evaluated cost.

43. Notification of Award

43.1 Prior to the date of expiry of the Bid validity and upon expiry of the Standstill Period, specified in ITB 40.1, or any extension thereof, and, upon satisfactorily addressing any complaint that has been filed within the Standstill Period, the Employer shall notify the successful Bidder, in writing, that its Bid has been accepted. The notification of award (hereinafter and in the Conditions of Contract and Contract Forms called the "Letter of Acceptance") shall specify the sum that the Employer will pay the Service Provider in consideration of the execution of the Contract (hereinafter and in the Conditions of Contract and Contract Forms called "the Contract Price").

43.2 Within ten (10) Business Days after the date of transmission of the Letter of Acceptance, the Employer shall publish the Contract Award Notice which shall contain, at a minimum, the following information:

- (a) name and address of the Employer;
- (b) name and reference number of the contract being awarded, and the selection method used;
- (c) names of all Bidders that submitted Bids, and their Bid prices as read out at Bid opening, and as evaluated;
- (d) name of Bidders whose Bids were rejected and the reasons for their rejection;
- (e) the name of the successful Bidder, the final total contract price, the contract duration and a summary of its scope; and

- (f) successful Bidder's Beneficial Ownership Disclosure Form, if specified in BDS ITB 45.1.

43.3 The Contract Award Notice shall be published on the Employer's website with free access if available, or in at least one newspaper of national circulation in the Employer's Country, or in the official gazette. The Employer shall also publish the contract award notice in UNDB online.

43.4 Until a formal Contract is prepared and executed, the Letter of Acceptance shall constitute a binding Contract.

44. Debriefing by the Employer

44.1 On receipt of the Borrower's Notification of Intention to Award referred to in ITB 41, an unsuccessful Bidder has three (3) Business Days to make a written request to the Employer for a debriefing. The Employer shall provide a debriefing to all unsuccessful Bidders whose request is received within this deadline.

44.2 Where a request for debriefing is received within the deadline, the Employer shall provide a debriefing within five (5) Business Days, unless the Employer decides, for justifiable reasons, to provide the debriefing outside this timeframe. In that case, the standstill period shall automatically be extended until five (5) Business Days after such debriefing is provided. If more than one debriefing is so delayed, the standstill period shall not end earlier than five (5) Business Days after the last debriefing takes place. The Employer shall promptly inform, by the quickest means available, all Bidders of the extended standstill period.

44.3 Where a request for debriefing is received by the Employer later than the three (3)-Business Day deadline, the Employer should provide the debriefing as soon as practicable, and normally no later than fifteen (15) Business Days from the date of publication of Public Notice of Award of contract. Requests for debriefing received outside the three (3)-day deadline shall not lead to extension of the standstill period.

44.4 Debriefings of unsuccessful Bidders may be done in writing or verbally. The Bidder shall bear their own costs of attending such a debriefing meeting.

45. Signing of Contract

45.1 The Employer shall send to the successful Bidder the Letter of Acceptance including the Contract Agreement, and, if specified in the BDS, a request to submit the Beneficial Ownership Disclosure Form providing additional information on its beneficial ownership. The Beneficial Ownership Disclosure Form, if so requested, shall be submitted within eight (8) Business Days of receiving this request.

- 45.2 The successful Bidder shall sign, date and return to the Employer, the Contract Agreement within twenty-eight (28) days of its receipt.
- 46. Performance Security**
- 46.1 Within twenty-eight (28) days of the receipt of the Letter of Acceptance from the Employer, the successful Bidder, if required, shall furnish the Performance Security in accordance with the GCC 3.9, using for that purpose the Performance Security Form included in Section X, Contract Forms, or another Form acceptable to the Employer. If the Performance Security furnished by the successful Bidder is in the form of a bond, it shall be issued by a bonding or insurance company that has been determined by the successful Bidder to be acceptable to the Employer. A foreign institution providing a bond shall have a correspondent financial institution located in the Employer's Country, unless the Employer has agreed in writing that a correspondent financial institution is not required.
- 46.2 Failure of the successful Bidder to submit the above-mentioned Performance Security or sign the Contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the Bid Security. In that event the Employer may award the Contract to the Bidder offering the next Most Advantageous Bid.
- 47. Adjudicator**
- 47.1 The Employer proposes the person named **in the BDS** to be appointed as Adjudicator under the Contract, at an hourly fee specified **in the BDS**, plus reimbursable expenses. If the Bidder disagrees with this Bid, the Bidder should so state in the Bid. - 48. Procurement Related Complaint**
- 48.1 The procedures for making a Procurement-related Complaint are as specified in the BDS.

Section VII – Terms of reference

1. Enquadramento do projeto

O Governo de Cabo Verde, com apoio financeiro do Banco Mundial, aprovou o Projeto Cabo Verde Digital, cujo objetivo é contribuir para a transformação do país num hub digital regional, de modo a acelerar a economia digital através de uma infraestrutura adequada e de uma procura reforçada de serviços e competências digitais.

O Projeto Cabo Verde Digital pretende apoiar a estratégia do Governo para transformar o país numa economia digitalizada de serviços, bem como aumentar a sua competitividade e atrair mais investimentos. O aumento da oferta e a procura de conectividade de banda larga e da própria infraestrutura digital é fundamental para o desenvolvimento de plataformas digitais, tanto públicas como privadas, bem como para criação de novos serviços para indivíduos, empresas e governos.

Na sua componente de Competências Digitais, o Projeto pretende apoiar o Governo de Cabo Verde nos seus recentes esforços para melhorar as competências digitais, especialmente entre os jovens, num contexto em que a conectividade continua a colocar limitações. Considerando a conectividade nas escolas cabo-verdianas, apesar dos esforços recentes do governo, esta continua a variar. De facto, **das 441 escolas básicas e secundárias atualmente ativas, apenas 124 escolas têm ligação à internet.**

A reforma em curso do Ministério da Educação (MdE) atribui prioridade à utilização da tecnologia para melhorar a eficácia e eficiência do processo de aprendizagem, bem como da qualidade da educação como um todo. Este aspeto ganha particular importância, uma vez que o sistema educativo foi afetado pelo encerramento de todos os estabelecimentos de ensino durante a pandemia da COVID-19, resultando num reconhecimento esmagador da necessidade de um ensino à distância eficaz e dotado de capacidades digitais, que só será possível com a melhoria do acesso à internet e aumento da largura de banda nas escolas.

2. Definições e Terminologia

Para efeitos do presente Caderno de Encargos, são adotadas as definições e terminologia descritas no Anexo I.

3. Objetivo e Âmbito

Em termos gerais, o Ministério da Educação procura uma forma eficiente de fornecer conectividade às escolas primárias e secundárias através de um contrato a longo prazo (3 anos) baseado num forte acordo contratual com um ou mais operadores de telecomunicações.

Neste sentido, é objeto do presente concurso, realizado no contexto do Projeto Cabo Verde Digital, implementar banda larga em todas as 441 escolas do país, sendo 397 do ensino básico e 44 do ensino secundário, abrangendo um total de 112.468 alunos.

Para a implementação da Banda Larga nas escolas, o adjudicatário deverá assegurar a conectividade à internet e a necessária distribuição do sinal no espaço escolar, de acordo com as necessidades de cada escola.

Em concreto, serão contratados os seguintes serviços:

- Fornecimento de conectividade em banda larga (ligação a rede de telecomunicações);
- Montagem, manutenção e upgrade da rede de distribuição da conectividade nos espaços escolares.

As escolas serão conectadas ao longo dos 3 anos da prestação de serviços de acordo com o mapa apresentado no Anexo II – 88 escolas no Ano 1, 177 no Ano 2 e 176 no Ano 3.

4. Organização em lotes

O concurso está organizado em 4 lotes, organizados de acordo com a tabela abaixo.

Os candidatos podem concorrer a 1, 2, 3 ou 4 lotes. Cada candidato **só poderá ganhar até 3 lotes** no máximo, devendo indicar qual a sua ordem de preferência relativamente a cada lote.

Contudo, poderá ser adjudicado o quarto lote caso o segundo melhor classificado apresente um preço 15% superior à melhor proposta.

Lote 1	Lote 2	Lote 3	Lote 4
Praia	Santiago (s/ Praia)	Brava	Boavista
Maio		Fogo	Sal S. Antão S. Vicente S. Nicolau

A distribuição das escolas por lote consta do Anexo II.

5. Perfil dos candidatos

Podem concorrer as entidades que receberam carta convite para participarem no concurso.

6. Responsabilidades do Adjudicatário

A execução do serviço compreende, entre outras previstas na legislação aplicável e nos presentes Termos de Referência, as seguintes responsabilidades:

7. Débitos a contratar

Cada escola deverá ter um determinado débito associado dividido em 5 escalões, apresentados na tabela seguinte.

Escalões	Download	Upload
1	20 Mbps	10 Mbps
2	50 Mbps	25 Mbps
3	100 Mbps	50 Mbps
4	500 Mbps	100 Mbps
5	1 Gbps	200 Mbps

A lista das escolas por débito consta do Anexo II.

Os concorrentes poderão apresentar propostas com desempenho e qualidade superiores ao exigido, de modo justificado.

Nas situações em que o concorrente não tenha possibilidade de oferecer o débito definido deverá indicar a sua melhor proposta, isto é, a que melhor se aproximar do débito definido. Adicionalmente, os concorrentes deverão apresentar justificação para a impossibilidade de fornecer os débitos solicitados bem como qual a data prevista para satisfazer o débito definido.

8. Infraestrutura de Referência

Cada escola deverá ser equipada com:

- Router para ligação a rede de telecomunicações (1 por escola);
- Access Point para distribuição do sinal nas escolas (1 por sala de aula de cada escola);
- Switch para ligar os Access Points (1 por escola).

O número de salas de aula por escola é parte integrante do Anexo II.

Os concorrentes poderão, de forma justificada, apresentar soluções diferentes (com um menor número de Access Points) desde que o resultado seja igual ou superior ao conseguido com 1 Access Point por cada sala de aula.

Os equipamentos Access Point deverão ser compatíveis com a controladora AC6605.

As escolas ligadas à RTPE (ver anexo Anexo II) deverão estar ligadas ao Datacenter do NOSi.

9. Tecnologias

No que diz respeito aos routers os concorrentes deverão indicar a solução que melhor se adequa ao débito a contratar e à tecnologia a ser utilizada.

As redes locais das escolas serão preferencialmente wireless, sendo aceites as seguintes normas: Wifi 6, Wifi 5 e Wifi 4.

Relativamente aos Access Points e switches os concorrentes deverão indicar a melhor solução que se adequa ao débito a contratar e ao número de salas de cada escola, desde que o Access Point respeite a compatibilidade exigida no ponto 8.

10. Apresentação de propostas

As propostas relativas às soluções para cada escola devem ser efetuadas com recurso ao preenchimento do Anexo II.

11. Ativação do Serviço

O adjudicatário é responsável por fornecer à entidade adjudicante, até ao dia 20 de cada mês, o plano de instalação do serviço, no qual são indicados os locais a ativar nos 3 meses subsequentes, bem como um relatório que indique os locais em que o serviço tenha sido ativado no mês anterior. Este relatório deverá obedecer ao seguinte:

- a) Vir acompanhado de documento que comprove a receção dos equipamentos terminais instalados em cada um dos locais, bem como da sua ligação à rede de comunicações eletrónicas, devidamente carimbado e assinado por um representante de cada uma das entidades envolvidas;
- b) fazer menção, expressa e discriminada por local, das referências técnicas de identificação dos serviços necessários para a notificação, por parte da entidade adjudicante, da ocorrência de falhas;
- c) fazer menção ao resultado do teste de aceitação realizado para o local;
- d) referir a tecnologia utilizada na prestação do serviço em cada local, bem como as suas principais características técnicas, nomeadamente as velocidades (em ambos os sentidos) e outros parâmetros que sejam solicitados pela entidade adjudicante;
- e) incluir outras informações relacionadas com a ativação do serviço que o adjudicatário julgue deverem ser levadas ao conhecimento da entidade adjudicante.

Os documentos referidos são remetidos para a entidade adjudicante, devendo ser enviados para as moradas postais e endereços de correio eletrónico que vierem a ser indicadas.

O adjudicatário obriga-se a ativar o serviço nos locais referidos no **Anexo II** ao presente Caderno de Encargos no prazo máximo de 30 (trinta) dias seguidos, após indicação por parte do Ministério da Educação.

Os trabalhos conducentes à ativação do serviço em cada local não podem, em circunstância alguma, implicar o cancelamento ou a interrupção de qualquer outro serviço de comunicações eletrônicas nele existente até à realização, com êxito, dos testes de aceitação previstos nestes Termos de Referência.

A entidade adjudicante obriga-se, no prazo de cinco dias úteis a contar da data do início da vigência do contrato, a notificar o adjudicatário da velocidade com que pretende que seja iniciada a prestação do serviço em cada um dos locais.

12. Instalação de Equipamento Terminal

O adjudicatário é responsável por efetuar a instalação e configuração dos equipamentos terminais nos locais em que proceder à ativação do serviço. Estes equipamentos devem ser instalados no local a definir pelo MdE ou por seus representantes, ficando desde já indicado o NOSi.

13. Testes de Aceitação

O adjudicatário deve realizar, em cada um dos locais em que o serviço seja instalado, um teste que visa permitir a aceitação do mesmo pela entidade adjudicante, bem como a aceitação da instalação do equipamento terminal e da sua ligação à rede.

Os testes referidos no número anterior são realizados de acordo com procedimentos a definir pela entidade adjudicante, podendo ser acompanhados por representantes da entidade adjudicante, previamente indicados ao adjudicatário, ficando desde já indicado o NOSi.

O serviço considera-se aceite temporariamente para cada um dos locais, quando o referido teste tenha sido realizado com êxito, com base em declaração de aceitação assinada pelos representantes da entidade adjudicante e do adjudicatário, e o relatório a que se refere no ponto de Ativação do Serviço.

Os testes finais de aceitação serão efetuados no prazo máximo de 15 dias úteis a contar da instalação e disponibilização da totalidade dos serviços contratados.

Se os testes não forem executados no tempo e com os resultados estabelecidos, por razões imputáveis ao adjudicatário, a entidade adjudicante pode:

- a) Exigir a realização dos serviços necessários à conclusão dos testes de aceitação definitiva, num prazo de 8 dias úteis;
- b) Aceitar parte ou a totalidade do serviço contratado, caso estes se encontrem implementados e em pleno funcionamento, sendo que, por cada local ou serviço em falta a entidade adjudicatária incorrerá numa penalização de acordo com o definido nos termos do presente concurso, até à regularização total;
- c) Rescindir o contrato sem quaisquer ónus ou encargos da sua responsabilidade.

14. Aceitação definitiva

Após a verificação do resultado satisfatório dos testes finais, a entidade adjudicante lavrará um Auto de Aceitação dos serviços, onde ficará registada a data de aceitação da mesma, bem como a ocorrência de eventuais falhas ou deficiências constatadas na execução desta.

O Auto de Aceitação será enviado ao adjudicatário no prazo de cinco dias úteis a contar da data da aceitação.

15. Desempenho e Disponibilidade do Serviço

O desempenho do adjudicatário será monitorizado em função de três indicadores principais:

- a) Grau de disponibilidade do serviço: superior a 99% para 95% das ligações (escolas);
- b) Prazo de reparação de avarias: inferior a 48 horas para 95% dos tickets abertos;
- c) Tempo para reporte de desempenho – relatórios de performance emitidos nos primeiros 10 dias do mês seguinte a que dizem respeito.

Só se consideram cumpridas as obrigações previstas em cada um destes parâmetros quando os valores alcançados na prestação dos serviços forem iguais ou melhores do que os previstos, nesses mesmos parâmetros, em cada um dos locais.

O não cumprimento dos níveis de desempenho e disponibilidade definidos e propostos, de forma continuada no tempo, poderá motivar a rescisão do contrato ou a aplicação de penalidades.

16. Documentação

O adjudicatário é responsável por entregar à entidade adjudicante, no prazo de 15 dias úteis após a ativação da totalidade dos serviços contratados, os seguintes documentos em formato eletrónico:

- a) Esquema lógico da infraestrutura de comunicações implementada;
- b) Manuais técnicos dos equipamentos terminais;
- c) Relatório de todas as configurações dos equipamentos em utilização exclusiva e as respetivas instruções de acesso e funcionamento.

O adjudicatário deverá atualizar essa informação, no prazo máximo de 10 (dez) dias úteis, sempre que ocorram quaisquer alterações.

O adjudicatário é responsável por manter disponíveis exemplares dos manuais e do histórico das configurações de todos os equipamentos instalados e a fornecê-los à entidade adjudicante, no prazo de 10 (dez) dias úteis, sempre que solicitado.

As configurações dos equipamentos referidas no número anterior devem estar disponíveis em formato eletrónico e ser fornecidas nesse formato, sempre que tal seja adequado.

A entidade adjudicante poderá, para seu uso exclusivo, e sem qualquer encargo adicional, proceder à reprodução de todos os documentos referidos no número anterior.

No caso de não apresentação dos documentos, do presente ponto, a entidade adjudicatária incorrerá numa penalização de acordo com o definido no âmbito do presente concurso.

17. Supervisão

O adjudicatário é responsável pela supervisão dos serviços, devendo fornecer à entidade adjudicante os meios necessários para acesso remoto, via Internet, à interface de supervisão dos serviços.

O interface referido deve proporcionar o acesso, em tempo real, à informação relativa aos parâmetros de desempenho e de disponibilidade referidos no presente Concurso. O interface

referido no número anterior deve estar operacional num prazo máximo de 60 (sessenta) dias seguidos após a entrada em vigor do contrato.

O adjudicatário colabora com a entidade adjudicante, ou com entidade por esta designada, em todas as ações de avaliação do serviço que estas entendam executar, designadamente, através do fornecimento de dados e informações que lhe forem solicitadas e através do acesso físico ou remoto a equipamentos.

18. Manutenção do Equipamento Terminal

O adjudicatário é responsável por efetuar, sem custos adicionais, a manutenção do equipamento terminal durante o período de vigência do contrato.

Consideram-se ações de manutenção a reparação ou substituição total ou parcial do equipamento terminal, que não forem ditadas por falha resultante de ação humana dolosa ou negligente de terceiros, entendendo-se, designadamente, que o furto ou a destruição por motivo de força maior do equipamento determinam a obrigação de manutenção pelo adjudicatário prevista no presente ponto.

O adjudicatário deve realizar as ações necessárias à manutenção, incluindo a substituição, do equipamento terminal por forma a assegurar o seu nível de operacionalidade e desempenho exigidos.

19. Obrigação de Prestação de Informação no Âmbito do Serviço

Sempre que o entenda conveniente, a entidade adjudicante pode solicitar ao adjudicatário a elaboração de relatórios explicativos de falhas ocorridas na prestação do serviço, os quais devem ser elaborados no prazo de 15 (quinze) dias seguidos a contar da data em que o adjudicatário for notificado para o efeito.

20. Obrigação de Sigilo

O adjudicatário, durante a vigência do contrato e por um período de 2 (dois) anos após a respetiva cessação, compromete-se a não divulgar quaisquer informações que venham a ter conhecimento em virtude e por respeito ao contrato e à sua execução, relacionadas com a atividade da entidade adjudicante.

21. Patentes, licenças e marcas registadas

22. Serviço de Suporte

Durante a vigência do contrato, e a partir da data da ativação do serviço no primeiro local, o adjudicatário deve dispor de um serviço de suporte (help desk) operacional no mínimo entre as 8:00 e as 20:00 horas dos dias úteis, contactável por telefone, e-mail ou sistema informático, a que cabe assegurar o registo de todas as falhas que lhe sejam notificadas pela entidade adjudicante.

No prazo de 2 (duas) horas após a notificação referida, a falha deve ser escalada para o supervisor do serviço de suporte (help desk). - b) Receber e encaminhar os demais pedidos que a entidade adjudicante entenda formular no âmbito da execução do contrato.

As falhas notificadas ao adjudicatário pela entidade adjudicante são escaladas para o gestor de conta nos seguintes termos:

- a) 2 (duas) horas após a notificação, tratando-se de falhas que abranjam todos os locais em que o serviço é prestado;

- b) 4 (quatro) horas após a escalonamento, sempre que se trate de falhas relativas a algum ou alguns dos locais em que o serviço é prestado.

24. Garantias

O adjudicatário garantirá, sem qualquer encargo para a entidade adjudicante, a garantia de funcionamento do serviço contratado e respetivos equipamentos terminais, pelo prazo mínimo de 3 anos.

O prazo de garantia referido no número anterior conta-se a partir da data de aceitação definitiva do serviço contratado.

São excluídos da garantia todos os defeitos que notoriamente resultarem de má utilização, de uma utilização abusiva ou de negligência da entidade adjudicante, bem como todos os defeitos resultantes de fraude, ação de terceiros, de caso fortuito ou de força maior.

Em caso de anomalia detetada nos serviços Objeto do contrato, o adjudicatário compromete-se a intervir, sem prejuízo do direito ao pagamento dos honorários devidos se a anomalia resultar de facto não imputável ao adjudicatário.

Part II – Employer’s Requirement

Section VIII - Activity Schedule

Objectives

The objectives of the Activity Schedule are

- (a) to provide sufficient information on the quantities of Services to be performed to enable Bids to be prepared efficiently and accurately; and
- (b) when a Contract has been entered into, to provide a priced Activity Schedule for use in the periodic valuation of Services executed.

In order to attain these objectives, Services should be itemized in the Activity Schedule in sufficient detail to distinguish between the different classes of Services, or between Services of the same nature carried out in different locations or in other circumstances which may give rise to different considerations of cost. Consistent with these requirements, the layout and content of the Activity Schedule should be as simple and brief as possible.

Daywork Schedule

A Daywork Schedule should be included only if the probability of unforeseen work, outside the items included in the Activity Schedule, is high. To facilitate checking by the Employer of the realism of rates quoted by the Bidders, the Daywork Schedule should normally comprise the following:

- (a) A list of the various classes of Services, labor, materials, and plant for which basic daywork rates or prices are to be inserted by the Bidder, together with a statement of the conditions under which the Service Provider will be paid for services delivered on a daywork basis.
- (b) Nominal quantities for each item of Daywork, to be priced by each Bidder at Daywork rates as Bid. The rate to be entered by the Bidder against each basic Daywork item should include the Service Provider's profit, overheads, supervision, and other charges.

Provisional Sums

The estimated cost of specialized services to be carried out, or of special goods to be supplied, by other Service Providers should be indicated in the relevant part of the Activity Schedule as a particular provisional sum with an appropriate brief description. A separate procurement procedure is normally carried out by the Employer to select such specialized Service Providers. To provide an element of competition among the Bidders in respect of any facilities, amenities, attendance, etc., to be provided by the successful Bidder as prime Service Provider for the use and convenience of the specialist contractors, each related provisional sum should be followed by an item in the Activity Schedule inviting the Bidder to quote a sum for such amenities, facilities, attendance, etc.

These Notes for Preparing an Activity Schedule are intended only as information for the Employer or the person drafting the bidding document. They should not be included in the final documents.

Performance Specifications and Drawings – N/A

(Describe Outputs and Performances, rather than Inputs, wherever possible)

Notes on Specifications

A set of precise and clear specifications is a prerequisite for Bidders to respond realistically and competitively to the requirements of the Employer without qualifying or conditioning their Bids. In the context of international competitive Bidding, the specifications must be drafted to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of economy, efficiency, and fairness in procurement be realized, responsiveness of Bids be ensured, and the subsequent task of Bid evaluation facilitated. The specifications should require that all goods and materials to be incorporated in the Services be new, unused, of the most recent or current models, and incorporate all recent improvements in design and materials unless provided otherwise in the Contract.

Samples of specifications from previous similar projects in the same country are useful in this respect. The use of metric units is encouraged by the World Bank. Most specifications are normally written specially by the Employer to suit the Contract in hand. There is no standard set of Specifications for universal application in all sectors in all countries, but there are established principles and practices, which are reflected in this document

There are considerable advantages in standardizing General Specifications for repetitive Services in recognized public sectors, such as education, health, sanitation, social and urban housing, roads, ports, railways, irrigation, and water supply, in the same country or region where similar conditions prevail. The General Specifications should cover all classes of workmanship, materials, and equipment commonly involved in the provision of Services, although not necessarily to be used in a particular Services Contract. Deletions or addenda should then adapt the General Specifications to the particular Services.

Any sustainable procurement technical requirements shall be clearly specified. Please refer to the Bank's Procurement Regulations and sustainable procurement guidance for further information. The requirements to be specified shall be specific enough to not demand evaluation based on rated criteria/merit point system. The sustainable procurement requirements shall be specified to enable evaluation of such a requirement on a pass/fail basis. To encourage Bidders' innovation in addressing sustainable procurement requirements, as long as the Bid evaluation criteria specify the mechanism for monetary adjustments for the purpose of Bid comparisons, Bidders may be invited to offer Non-Consulting Services that exceed the specified minimum sustainable procurement requirements.

Any applicable environmental and social requirements shall be specified. The ES requirements should be prepared in manner that does not conflict with the relevant General Conditions (and the corresponding Particular Conditions if any) and other parts of the specifications.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for goods, materials, Services, and workmanship, recognized international standards should be used as much as possible. Where other particular standards are used, whether national standards of the Borrower's country or other standards, the specifications should state that goods, materials, Services and workmanship that meet other authoritative standards, and which ensure substantially equal or higher quality than the standards mentioned, will also be acceptable.

The following clause may be inserted in the Special Conditions or Specifications.

Sample Clause: Equivalency of Standards and Codes

Wherever reference is made in the Contract to specific standards and codes to be met by the goods and materials to be furnished, and Services or work performed or tested, the provisions of the latest current edition or revision of the relevant standards and codes in effect shall apply, unless otherwise expressly stated in the Contract. Where such standards and codes are national, or relate to a particular country or region, other authoritative standards that ensure a substantially equal or higher quality than the standards and codes specified will be accepted subject to the Employer prior review and written consent. Differences between the standards specified and the proposed alternative standards shall be fully described in writing by the Service Provider and submitted to the Employer at least 28 days prior to the date when the Service Provider desires the Employer consent. In the event the Employer determines that such proposed deviations do not ensure substantially equal or higher quality, the Service Provider shall comply with the standards specified in the documents.

If technical alternatives for parts of the Services are permitted in the bidding document, these parts shall be described in this Section.

These Notes for Preparing Specifications are intended only as information for the Employer or the person drafting the bidding document.

Z_o is the number of units of currency of the country of the index, equivalent to one unit of the currency payment on the date of the base index, and Z_n is the corresponding number of such currency units on the date of the current index.

ARTICLE 2- THE PERFORMANCE INCENTIVE COMPENSATION

2.1 Performance Incentive Compensation Limits

- (1) The Performance Incentive Compensation paid to the Service Provider shall not exceed the equivalent of \$[] U.S. over the term of the Contract.
- (2) The actual amount paid to the service Provider as Performance Incentive Compensation shall be determined by the extent to which the Service Provider achieves the performance criteria set out in the Incentive Compensation Charts and by the application of the calculations set out in the Incentive Calculation Procedure Notes for the applicable Contract Year.
- (3) If the Service Provider fails to meet the “Excellent” rating set out in the Incentive Compensation Chart, in any Contract Year, the Service Provider will be obliged to make up the shortfall in the subsequent Contract Year, as well as meet the performance targets for that Contract Year.
- (4) Except as the Employer may, in its sole discretion, otherwise determine based on exceptional circumstances, if the Service Provider fails to attain the Maximum Annual Incentive Compensation in any Contract Year, the shortfall will not be available to the Service Provider in the subsequent Contract Years and the equivalent of \$[] U.S. per Contract Year maximum will not be increased.
- (5) For the purpose of calculating the equivalency of \$[] U.S. and \$[] U.S. pursuant to Sections 2.1(1) and 2.1(2) of this Performance Incentive Compensation Appendix, the equivalency shall be calculated as of the date of payment of the Performance Incentive Compensation.

**ATTACHMENT # 1 – APPENDIX G
INCENTIVE COMPENSATION CALCULATION PROCEDURE NOTES**

[SAMPLE: This part is to be designed on a case by case approach]

**PART A THE METHOD FOR CALCULATING PERFORMANCE INCENTIVE
COMPENSATION IN EACH CONTRACT YEAR**

I. The Performance Incentive Compensation for each Contract Year shall be calculated as follows:

$$\text{Compensation} = \text{Composite Score} \times 0.2 \times \text{Maximum Annual Incentive Compensation}$$

Where:

- (i) The Maximum Annual Incentive Compensation is calculated as set out in Section 2.1 of the Performance Incentive Compensation Appendix Provisions; and
- (ii) The Composite Score is calculated in accordance with “Part B-The Method for Calculating the Composite Score” of these Incentive Compensation Calculation Procedure Notes.

PART B THE METHOD FOR CALCULATING THE COMPOSITE SCORE

1. The Composite Score for each Contract Year shall be as follows:

Composite Score Total of All Weighted Scores **for the Performance Criteria**

Where:

- (i) The Weighted Score for each Performance Criterion equals Criterion Weight x Criterion Value;
- (ii) The Criterion Value is measured from “Excellent” to “Poor” with corresponding values of 5 (for “Excellent” performance) to 1 (for “Poor” performance) as set out in the Incentive Compensation Charts and evaluated based on the performance of the Service Provider;
- (iii) The Criterion Value which the Operator receives for any Performance Criterion is based upon the technical standards set out in the Incentive Compensation Charts under the headings, “Excellent”, “Very Good”, “Good”, “Fair”, and “Poor” as compared against the Operator’s actual technical standards in each Contract Year; and
- (iv) If the Service Provider’s actual performance in a Contract Year,
 - (a) exceeds the technical standards for an “Excellent” Criterion Value, then the Criterion Value shall be 5;
 - (b) is less than the technical standards for a “Poor” Criterion Value, then the Criterion Value shall be zero; or
 - (c) is in between the technical standards for two Criterion Values, then the Criterion

Value shall be rounded down to the nearest whole number or 0.5 decimal point.

2. For the purpose of clarity, it is noted that there are only ten Criterion Values to be used as follows: 0, 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5 and 5.

3. Notwithstanding paragraphs 1 and 2 above, with respect to the Performance Criterion relating to institutional improvements in Attachment #2 The Incentive Compensation Charts 1-8,

- (a) if the Service Provider’s actual performance in a Contract Year is less than the technical standard for a “Fair” Criterion Value, then the Criterion Value shall be zero;
- (b) for the purpose of clarity, it is noted that there are only three Criterion Values to be used as follows: 0, 2 and 5; and
- (c) each of the documents or plans listed under the Performance Criterion shall be scored with the appropriate Criterion Value and a mean average score will be taken to calculate the Criterion Value for the Performance Criterion, which shall be rounded down to the nearest whole point or 0.5 decimal point.

4. For ease of reference, the following calculation represents the calculation of the Composite Score for a hypothetical Service Provider for four performance criteria in one Contract Year.

Sample Incentive Compensation Chart

Performance Criterion		Units	Criterion Values				
			Weight				
			Excellent	Very Good	Good	Fair	Poor
1.	e.g. Electricity use [% reduction in kW. hr consumed from Base Year]	0.30	65	55	50	40	30
2.	[Criterion 2] []	0.25	20	19	17	16	15
3.	[Criterion 3] []	0.15	30	25	20	15	10
4.	[Criterion ~] []	0.30	90	85	80	75	70

The following table demonstrates the procedure for the calculation of the “**Composite Score**”, if at the end of the year the achievements of the Service Provider are as follows:

1.	[e.g. Electricity use]	57
2.	[Criterion 2]	22
3.	[Criterion 3]	29
4.	[Criterion 4]	69

(1) In respect of the Plans and Programs each plan or program listed in Section [●] shall be given a score of either 5 (Excellent), 2 (Fair) or (0) and the average score for all plans and programs shall be multiplied by the Criteria Weight. The average score shall be rounded to the nearest .5 decimal.
