QUESTION 12: *On behalf of the Consortium MP Energy/Matelec/ECOsys we hereby confirm that our regional director Mr. Said Jalkh is planning on attending the site visits below.*

Due to the fact that the visits are to occur on different islands, could you kindly clarify if there have been any arrangements made for the internal transport/flights from Praia to each of the various locations or if the intention is that each bidder is meant to arrange for the internal flights and for the meeting point to be at the municipality for each respective site? In the case of the latter, would it at least be possible for us to receive proposed routing to enable our representative to attend the various visits?.
