CLARIFICATION # 3

Question no. 06:

Clause 6.1 of Section VII in the Terms of Reference outlines the technical requirements for the NMS platform. While the RFP mentions a preference for an open-source NMS platform in Clause 2.2 of Section VII on page 109, can you confirm whether a proprietary NMS platform that meets all the specified technical requirements—including multi-vendor support and distributed monitoring—would also be deemed acceptable?

Response no. 06:

As stated in Clause 2.2 of Section VII, on page 109, the NMS platform must be open source.
